

DRAFT - COMPLETE AND VERIFY BEFORE APPLYING

Kajal Raju Kale

BCA student | Aspiring software developer

Contact details, college, graduation dates and GitHub URL await confirmation.

PROFILE

BCA student preparing for an entry-level software development opportunity. Studying practical web applications, frontend, backend and database skills.

EDUCATION

Bachelor of Computer Applications (BCA)

College and attendance dates: to be confirmed by Kajal.

PORTFOLIO EXERCISES UNDER REVIEW

Job Application Tracker

Browser interface, Python HTTP API and SQLite storage; records, status updates, search and filtering.

Study Planner

Coursework task tracking, editing, filtering, local data storage and API checks.

These starter projects were prepared for Kajal to study. She should describe only code and features she personally worked on and can explain.

NEXT STEPS BEFORE SENDING

Add verified contact and education details; list demonstrable skills; run and personalise the apps; link her repositories and describe her contributions.
